CROPLIFE SA: CROP PROTECTION ARTICLE AWARD

Members of the Agricultural Writers are invited to submit their articles pertaining to any aspect of crop protection in order to stand a chance to win R15 000 from CropLife South Africa. Topics for consideration include (but are not limited to):

- Innovation in biological or chemical crop protection techniques or products
- Integrated pest management
- Any aspect of plant biotechnology (such as genetic modification or genome editing)
- Resistance management (Fungicide, Insecticide, Herbicide, Rodenticide)
- Responsible use of crop protection solutions
- Crop protection solution supply chain
- Stewardship (including container management, obsolete stock management, storage and transportation, pollinator safety)
- The regulatory environment pertaining to crop protection solutions

If you have produced an article of this nature that has been published between 1 September 2025 and 31 August 2026 and would like to enter, kindly submit your article **in one document** to elriza@croplife.co.za, after which it will be sent on to the judging committee consisting of CropLife SA subject specialists and industry experts. Judgement criteria will be based on:

- Relevance
- Technical accuracy
- Comprehensibility
- Percentage of the article dedicated to crop protection

Kindly note that promotional articles cannot be considered for this award. Entries close 1 November 2026 and any article submitted after the deadline will not be considered.

We look forward to receiving your entries.

Kind regards
The CropLife SA Team
